

News Briefs

Fourth of July safety message

Motorists are cautioned to exercise caution during the upcoming Independence Day holiday weekend, according to Florida Highway Patrol Director Bobby R. Burkett. The holiday period officially begins at 6 p.m., Thursday, July 2 and extends through midnight, Sunday, July 5.

"Historically, this is one of the busier traffic periods when motorists are totally in summer season activities throughout Florida," said Burkett.

"Often, unfortunately, many Fourth of July celebrations result in tragedies," Burkett added.

The Florida Highway Patrol will have all available troopers working during the holiday weekend, carefully monitoring traffic conditions and providing assistance to the motoring public. Special enforcement emphasis will continue to be directed towards DUI, speed, safety belt and child restraint violations during the holiday period.

Motorists are especially reminded of the lifesaving safety belts. Each holiday period, a large percentage of persons fatally injured were not wearing safety belts although they were available in the vehicles.

"The goal of the Florida Highway patrol is zero fatalities during the holiday weekend. Realistically, however, this can be accomplished only if all Florida motorists make traffic safety a primary focus during the holiday period," said Director Burkett.

SWIM update

planned for July 2

The South Florida Water Management District (SFWMD) has scheduled a public meeting to solicit comments on the proposed update to the Lake Okeechobee SWIM Plan. The meeting will be held July 2 from 7 p.m. to 9 p.m. at the Okeechobee Civic Center, 1750 Highway 98 North, Okeechobee City.

The Florida Department of Environmental Regulation requires that Surface Water Improvement and Management (SWIM) plans be updated every three years. The SFWMD's Division of Upper District Planning has prepared a preliminary draft and will present it to the District's Governing Board in July. The purpose of the public meeting is to obtain public comment prior to the Board presentation.

The public will be given an overview of the Plan's seven elements: water quality, water supply, environmental resources, flood protection, navigation, recreation and public information. In addition, the public will also hear about proposed projects to be funded through SWIM for fiscal years 1993-1995.

Boy dies after being hit on bicycle

A Pahokee youth is dead after being hit by a truck June 20.

Marchello Fountain, age 11, of 159 Eisenhower Drive was hit by a pickup truck while riding his bicycle at the intersection of East Fifth Street and Southlake Ave.

The accident happened at 10:20 a.m. on Saturday and the

boy died Sunday at St. Mary's Hospital.

According to the Florida Highway Patrol, the youth was apparently not paying attention to traffic and rode his bicycle into the path of the truck driven by George M. Baker, age 18, of 317 Shirley Drive. Baker was not charged in the accident.

Pahokee Housing board ousted by HUD

All five members of the Pahokee Housing Authority board have been ousted by the U.S. Housing and Urban Development.

Pahokee Mayor Ramon Horta is in the process of choosing a new board.

During the past fourteen years, the Pahokee Housing Authority has been through the mill and through the press. In 1978, Randy Mills was hired by the Authority to take over the executive director's position. Things ran smoothly or at least quietly until 1986 when Mills was fired for borrowing money from the authority for a cocaine problem.

In a legal battle constantly until March 8, 1989, the State Attorney's Office dismissed all grand theft and forgery charges against Mills, director from 1978 until 1986. In exchange, the authority obtained a judgment against Mills for the money it advanced him on his salary.

The Assistant State Attorney Andrew Newman told the press the authority approved the settlement. He said, "Significant weaknesses" in the case, due to imprecise accounting practices the authority could not prove any criminal intent.

if Mills insisted on a trial. Mills attorney contended that he had done nothing wrong. "The PHA," he said, "changed the rules in the middle of the game." Mills insisted he had never taken any money not approved by the board. He was quoted by the press as saying, "I'm sorry that I ever got hooked on cocaine, but I'm not sorry for anything I did, business-wise."

While Mills' battle went on, the PHA hired J. Edward Lee on September 8, 1987. Lee took the reins and after only three days he fired an employee. The employee was black. Mr. Lee was white. In all there were seven workers (all black) who left right away, being fired or quitting, but at least six of the seven workers, including Julia Hale who is now the acting Interim Director, filed charges with the E.E.O.C. for discrimination. One employee alleged she had witnessed Mrs. Thompson, who is white, perform a sexual act with Mr. Lee in his office. Both Mr. Lee and Mrs. Thompson vehemently disputed her accusations.

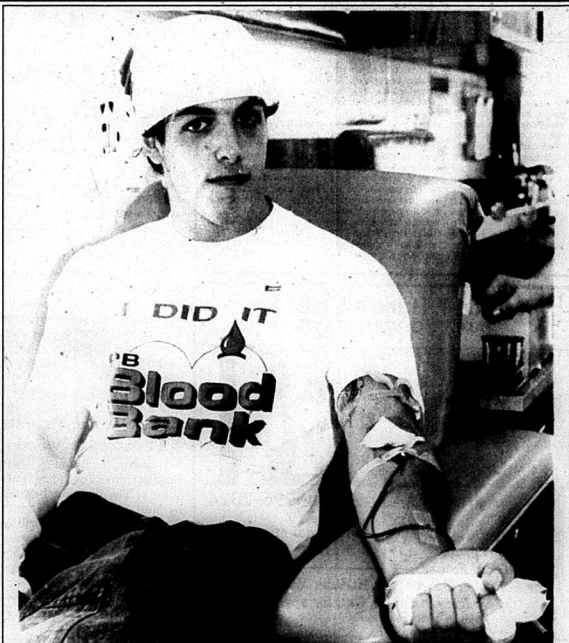

Under pressure from the press and from the PHA board, Mr. Lee resigned January 20, 1989.

4th of July fireworks Saturday in Pahokee

There will be a fireworks on July 4 at the Pahokee Marina at dusk between 8 and 9 p.m.

There will be refreshments for sale such as hot dogs, sodas, and snacks. Everyone in the Glades is cordially invited to attend the event.

A generous act of giving...West Technical Education student Noah Phalgriaff gave blood Friday when the Palm Beach County Bloodmobile came to the school. Noah didn't seem to mind the small stick of the needle.

Foster care youth arrested for attempted murder

A 17-year-old juvenile is in the Palm Beach County Juvenile Detention Center this week charged with robbery, petty theft and attempted first degree murder.

The youth confessed June 22 to severely beating Bill Shirley of Pahokee with a lug wrench and robbing him of \$10 and a silver watch on June 11.

The incident took place between 1 p.m. and 2 p.m. at Everglades Foliage in the grove owned by Mr. Shirley. He was spraying weeds at the time.

The youth, who lived in a foster home in Pahokee, told Lt. Danny Jones with the Pahokee Police Department he struck Mr. Shirley in the head with the lug wrench twice while the man was standing. He also confessed to clubbing him two more times while he was lying on the ground "to stop him from twitching."

The first blow almost put out Mr. Shirley's eye when the hook part of the wrench caught him near the eye socket. He also suffered a skull fracture.

Lt. Jones said Mr. Shirley managed to get into his Ford F-150 pickup and drive six-tenths of a mile to his father Claude Shirley's home.

He underwent surgery on his eye and had the shattered bone replaced with a plastic material. "He didn't remember anything from that day," said Police Chief Carmen "Skets" Salvatore, but has regained some of his memory of the incident.

Friends and neighbors offered a \$2,500 reward for the arrest of the person who committed the crime.

Lt. Jones said the teen confessed that he initially set out to rob a house nearby, but when someone answered the doorbell, he and some other boys he was with left.

The juvenile was caught after police in West Palm Beach arrested him for stabbing and beating a man Friday, June 19 and then snatching a woman's purse the next day.

Lt. Jones said they hope to have the boy adjudicated as an adult for the seriousness of the crime and because he will be 18 in November.

Everglades documents released to S.C. League

The South Florida Water Management District and the Florida Department of Environmental Regulation has made available to the Florida Sugar Cane League documents related to the settlement of the Everglades lawsuit. The documents comprise portions of the draft settlement agreement and related materials which were at issue in the public records case. Access to the documents has been the center of three separate lawsuits filed by the Florida Sugar Cane League against the state agencies.

The League previously received over ten thousand pages of records including scientific and technical data relating to the settlement, both from the District and from DER. Currently, District officials say they are providing

access to the League for public records dealing with the Everglades program.

The documents, made available this week, were created as a result of litigation settled between the U.S. Department of Justice and the two agencies over pollution of the Everglades. The settlement was approved by the Federal court in February 1992.

In releasing the remaining documents, District Executive Director Rifford C. Creel said, "We are happy to have another chapter of litigation behind us and can now turn more of our attention to the task of saving this valuable ecosystem."

Water officials say 35,000 acres of farmland must be converted to filter marshes to clean up the phosphorus runoff from farms in the Everglades Agricultural Area.

On the campaign trail...Several candidates in the November election were in Belle Glade Saturday morning drumming up votes. The NAACP had a block party and voter registration drive Saturday across from Lake Shore Middle School in Belle Glade. From left is Larry Konchellah, member of the NAACP, Mike Musto, who is running for Palm Beach County Sheriff, and Alcee Hastings, who is running for Congress in District 23.

In art and science, the child's dental visit is a time to plan for the future.

YOUR CHILD'S FIRST VISIT

We have some good news for today's patient: Kids like going to the dentist! Our staff makes kids' checkup appointments fun. We use a show and tell approach, and explain what we're doing in words that fit a youngster's vocabulary. The drill is "Mr. Whistle," who whistles and sprays water, the x-ray machine is a camera, and our suction is "Mr. Sucky." We give them ideas in our classes, and let them play with the air and water "squirrels." It's their job to keep the water cup full and "Mr.

Tickle" brushes their teeth. Children are born with certain fears, such as fear of the unknown or fear of being hurt. But fear of going to the dentist isn't one of them!

What parents say and do can help children have a better experience during their first dental visit. Please don't pass on your own fears!

We like to see kids at about age 3 for their first visit. We recommend parents bring them in at about age 3 and watch Mommy or Daddy get their teeth cleaned. At this time we show the kids around and then have a ride in the chair, play with the

water spray and ask questions; then we recommend they have their first checkup six months later. They have been in the office, are not afraid and usually look forward to these appointments. The "Seaweedie Bears" go to the dentist! It's also a great book to get your kids before their first visit.

Don't make the dentist the villain. Dental treatment is something you want for your child.

FOP plans BBQ

The Belle Glade Fraternal Order of Police will be having a chicken and wild hog barbecue on July 18 beginning at 10 a.m.

According to FOP Chapter President John Cook, there will also be K-9 demonstrations and pistol competition for certified police officers.

A SWAT team will also give a demonstration and there will be a fishing contest for children. The event will be held at the Belle Glade Training Center, 2050 N.W. 20th Street, Belle Glade.

Tickets can be purchased at the Belle Glade police station or at the gate.

Pahokee meeting class of 62'

The Pahokee High School Class of 1962 will be having a Fourth of July celebration.

Classmates and spouses will gather Saturday, July 4th at the Pahokee Elks Club. Cocktails will be served from 7 to 8 p.m. with dinner at 8 p.m.

Friends interested in visiting the class of 62' are invited to come by the Elks Club on Sunday, July 5th will be a family barbecue at the Canal Point Community Center beginning at 1 p.m. We're looking forward to seeing everyone. Any questions call - JoAnn McKinstry Culbertson at 924-7300 or Willie Adam Poole at 996-6247.

Play at the Prince Theatre July 3rd

Standing Room Only Productions, Inc. presents "Last of the Red Hot Lovers," by Neil Simon at the Prince Theatre in Pahokee, Friday, July 3rd at 8 p.m. Tickets are \$5.00 and are available at City Hall and the Pahokee Chamber of Commerce.

For reservations call 924-5534 or 924-5579. Seating is limited.

Belle Glade Elementary...recently dedicated its newly renovated media center. Assisting with the ribbon cutting was Dr. Bernard Shulman, Deputy Superintendent, Mr. Ulysses Smith, Area Administrator, and Mrs. Melanie Adcock, art teacher at BGE. Mrs. Adcock has painted murals on the four walls in the media center depicting a coral reef, the north and south poles and a tropical tribute to South Florida.

In honor of ...the upcoming summer Olympics, Belle Glade Elementary recently held their own Olympic competition. Each class represented and competed as a foreign country. Opening and closing ceremonies were held as was the granting of medals gold, silver and bronze. This Olympic extravaganza was organized by Christine Jones, a second grade teacher.

New statewide bass regulations go into effect

New statewide bass regulations effective July 1st will not supersede existing special regulations on individual lakes, fish management areas, and other water bodies.

Jim Huffstodt, Everglades regional information officer with the Florida Game and Fresh Water Fish Commission (GFC) said the statewide regulations include a five bass per day limit, and a minimum length limit of 14-inches for areas south and east of the Suwannee River. A 12-inch minimum length limit will apply to the Suwannee River

and its tributaries and everything west and north of that line. In addition, anglers can only keep one bass 22-inches or longer. These regulations will not apply to five lakes in south Florida which form a part of the Everglades Urban Fishing Program. These include, Okechee Lake Fish Management Area (FMA) in West Palm, Caloosa FMA in Boynton Beach, Delevoe FMA in Ft. Lauderdale, Plantation Heritage FMA in Plantation, and Tropical Fish Management Area at Tropical Park, Miami.

You may remain completely anonymous and collect up to a \$1,000 cash award if your tip leads to an arrest or recovery of stolen merchandise.

WHIPLASH

Whiplash injuries can result from a sudden backward and forward whipping movement of the neck, caused by an auto collision, a fall, a powerful slap on the back, or even a violent sneeze. The ligaments and muscles controlling the spinal segments are stretched or sprained, allowing the vertebrae to slip into abnormal positions. Nerves are then "pinched" or irritated, giving rise to headaches, nausea, dizziness and other pain.

1989. His assistant, Mrs. Belinda Thompson stayed on and was appointed Interim Director by the board.

The authority advertised for an Executive Director and received 15 applications. The board looked at the applications and decided to hire Belinda Thompson as Executive Director. Mrs. Thompson, age 28, began working at the housing authority as a secretary in October, 1983 and served during a month as Interim Director after Mr. Lee resigned. Mrs. Thompson was one of six applicants interviewed by a special committee set up by the board before they reached a final decision on her being named the director.

Mrs. Thompson took the reigns and brought in a modernization coordinator, Dallas Tyskowski. She fired the Maintenance Director, Mr. Willie Jackson. Mr. Jackson asked for a hearing and the board reinstated him on a 90 day probationary period.

Diane Thompson a clerical worker at the authority was hired July 6, 1988. She is no relation to Belinda Thompson. Diane Thompson said she had no problems at work until the hearing on Mr. Jackson's dismissal.

During his hearing two project managers said Mr. Jackson did not respond timely to tenants' complaints. D. Thompson, who was in training as a project manager, refused to say anything about Jackson's work. She then alleged that she was let go after refusing to support her boss at the hearing.

According to Modernization Coordinator Dallas Tyskowski, Belinda Thompson began an investigation into rent fraud by some of the tenants.

The tenants began to fight back by using a tenants newsletter entitled "It's Time To Wake Up Newsletter."

In one article from the paper, the writer says, "I heard that Commissioner Martin really

told Belinda Thompson off and at her house. The neighbors say they heard it all. Go for it C.R. I only hope a lawsuit is not on the way. We even heard she was having a birthday party and all the kids and guests heard it. Our silver bullet is battling a 100 for us. Our promise of a June 31, fire date for Belinda will come to light. Our other ally, Mrs. Guyton is doing her part to insure this. Many thanks to Commissioners Guyton and Martin."

On July 25, 1991 a memo was written to Dallas Tyskowski from Belinda Thompson. The memo stated, "In light of a letter received from the Tenants Association this afternoon, that they will be requesting my termination, at the board meeting this evening, it would be in the best interest to turn the control of the CIAP Program over to you."

"As the Executive Director, I hereby authorize you and have relinquished all control to you to become the 'Contracting Officer' for the HUD Modernization Program," she said.

A special meeting was called and Mrs. Thompson was fired by three of the board members. Two board members were absent. The following week, after being advised by PHA Attorney Michael Stauder that they had an invalid meeting, the board decided to put Mrs. Thompson on leave with pay.

Julia Hale was appointed as Interim Director by the board. During the following week a confrontation occurred between Mr. Tyskowski and Miss Hale over the CIAP Handbook. Apparently Mrs. Thompson had purchased the book with her own money and asked Mr. Tyskowski to pick it up for her.

Miss Hale refused to give Mr. Tyskowski the book and a verbal argument ensued at which time, Miss Hale called the police.

On August 22, in a memorandum from Interim Director Hale, she said, "Your action

yesterday led to turbulence in the office and resulted in the. Pahokee Police Department being called to escort you from the premises."

It further stated, "This letter is being written in accordance with the Personnel Policy of the Pahokee Housing Authority, Inc. and serves as official notice of termination of your employment from this agency, effective immediately."

"I lost my job over a book," said Tyskowski, it just isn't fair. There were other underlying reasons. They accused me of stealing, they violated my constitutional rights, they slandered and libeled my good name." He is currently suing the Housing Authority, the board, and the city of Pahokee.

During this time of turmoil the PHA advertised for a new director. After receiving approximately 5-7 (The number was never made clear), someone on the board "supposedly contacted Randy Mills and asked him to come back to the authority. Without interviewing any other candidate for the position, Mr. Mills was placed back in charge as Executive Director.

HUD did not like the board's decision in this matter so they applied pressure to have the board dismiss Mr. Mills. The board did so after a prolonged period of time. When they released Mr. Mills this time, Julia Hale asked that her job as assistant director be guaranteed by the board.

The board paid Mills for his years contract in full without mention of money he might owe HUD. Miss Hale was placed back in as Director.

Last Friday, the board met in yet another quickly called gavelled session to decide not to continue using Jake Rose, Esq. to pursue the Letter of Denial sent to Mr. Mills from HUD.

That case is set to go to court on July 7th. The next meeting of the Pahokee Housing Authority is July 9th.

N.A.A.C.P. event nets 80 new voters

Despite early morning thunderstorms that caused a scheduled Community March to be cancelled, the N.A.A.C.P. Community Block Party netted 80 new voters in Belle Glade.

"It was tough and go for us in the beginning," said N.A.A.C.P. Branch President Nate Edwards, who arrived at the Martin Luther King Boulevard and 10th Street site around 7 a.m. to set it up for the event. "With outside events, weather is such an important factor. And when we saw the clouds and the rain, we knew our work would be harder than we expected."

Constant rain over the three days leading up to the event had left the event sight waterlogged. So, the Block Party was shifted to the street and Avenue E Place between 10th and 12th Streets was blocked off to accommodate the crowd.

Although projected to start at 10 a.m., the Block Party did not get underway until around noon. From that time, however, nearly 2,000 individuals were served barbecued ribs, chicken, potato salad and sodas, provided free of charge through donations from N.A.A.C.P. supporters.

"We were fortunate to have the support of local businesses for this event," Edwards said. "Many gave anonymously, but others like Gilbert's Jewelers, Dr. Ahmad Barhoush, African Connection, Esquire Men's Boutique really help us to have a pleasant event site. The site was organized with tents, red, white and blue balloons and American flags.

"Another very significant accomplishment of the Block Party," Edwards continued, "was that

it brought community organizations together. Voter registration was handled by members of Zeta Phi Beta, Alpha Kappa Alpha and Delta Sigma Theta Sororities as well as deputy registrars from the Branch.

The food was handled at the site by members of The Gents club and the Sons of Light Masonic Lodge and was prepared in advance by Pat's Restaurant, Bobby Kight and Harold Prichard.

"Helpers also came from several area churches. It was great to see so many people from so many different groups, working together," Edwards said.

Most of the new voters were from Belle Glade; however, some came from the 715 Mobile Home Park, Palm Glades housing development and Okeechobee Center, which are in the city's unincorporated area. Pleased with the one-day total, the group has planned regular community voter registration events from now until September.

"We're determined to reach our goal of 1,000 registered voters by the November election," Edwards said. "We knew we wouldn't do it in one day. But all we need is 12 days like Saturday, and we will have significantly affected voters apathy in this city."

The N.A.A.C.P.'s next voter registration event is being planned for July. However, the organization's headquarters, The Meeting Place, at 325 S.W. 4th Street in Belle Glade has been designated a permanent voter registration location. Citizens may register to vote there Wednesday through Friday for 4 p.m. to 8 p.m. and on Saturday, for 10 a.m. to 2:30 p.m.

Around Pahokee

By Elsie Singletary

Birthday Observed
Junior Essence Unique Lady Rosetta Perry observed her eleventh birthday Sunday June 28.

Rosetta is the daughter of Mr. Mrs. Eugene Perry, Citizen Villas, Pahokee.

She is a member of New Macedonia Missionary Baptist Church, where she serves in many capacities under the leadership of Rev. J.H. Barrett. She serves as treasurer of the

Junior Essence Unique Ladies Club, which is supervised by Elsie Singletary, Amzie Bell Perry, and Deloris Robertson.

Election Held
The Junior Essence Unique Ladies club of Pahokee held its regular meeting Saturday, June 27 at 3:30pm at the home of Supervisor, Elsie Singletary. During the meeting officers for 1992-1993 were elected. Congratulations to the new

officers:
President, Shameka Salter; Vice President, Van Tavia Jackson; Secretary, Earnestine McCallister; Asst. Recording Secretary and Assistant Correspondence, Sylvia Frost; Treasurer, Rosetta Perry; Assistant Treasurer, Taquella Browning; Correspondence Secretary, Tamera Lawson; Chaplin, Lakesha Worthy.

After election of officers the Junior Essence discussed the The Essence Unique Ladies Club upcoming banquet and their responsibility towards it. The Jr. Essence pulled Secret Sisters names for birthdays and Christmas.

The meeting was supervised by Elsie Singletary and Amzie Bell Perry.

Special Thanks

Mrs. Hattie Mae Huggins of Pahokee would like to thank the Everglades Memorial Hospital Staff for acts of kindness shown toward her during her stay as a patient in EMH.

She said "Everyone was so nice and kind to me and I do appreciate this. Their kindness will never be forgotten."

Jackson

Mrs. Pauline Jackson has returned home from her stay in St. Mary's Hospital and Everglades Memorial Hospital.

Rincon latino

por Gaspar Pichardo

4 De Julio De 1976

4 De Julio De 1992

Hace doscientos diez y seis años se echaron las campanas a volar, anunciando su tañido la Declaración - como que esculpida en bronce impecable - contenida en uno de los mas trascendentes documentos de todos los tiempos.

Interpretando el sentir del pueblo, el Congreso reunido en asamblea emitió la Declaración de Independencia de los Estados Unidos de America. La misma contiene tal carga de fe en la justicia Divina, en la libertad y en la dignidad humana que, como movida por interna fuerza, - cual esos cuerpos que tienen la facultad de producir la energía interna que los impulsa - perpetuamente se renueva.

Grandes como montañas, como les gustaria llamarle nuestro Martí, usando una de sus metáforas preferidas. Inmensamente grandes, fueron los forjadores de esta Nación, propiciando las condiciones necesarias para echar las bases de una Confederación que, dentro de las inevitables imperfecciones humanas, ha sido baluarte de la libertad universal y refugio de los que en el mundo son perseguidos por no resignarse a vivir sin esa libertad.

En ningún otro país de la tierra los perseguidos encuentran tanta protección legal y tanta solidaridad humana como en estos Estados Unidos de America, en donde se nos permite hacer y decir lo que nos da la gana, hasta en contra de su propia política, y en algunos casos, que desafortunadamente no es el nuestro, hasta armarse para luchar, sin cortapisas, para rescatar la libertad perdida.

En la historia del mundo no hay nación que haya crecido - tan rápidamente, y que haya contribuido tanto a ayudar a otros pueblos en

momentos de tragedia y de dificultades económicas, incluyendo a los que fueron sus enemigos en la guerra, traidores y alevosos como el Japon, y la intrínseca perversa Unión de Republicas Socialistas Sovietica, que tras haber esclavizado a medio mundo, haciendo uso de las armas compradas con el hambre y la angustia de su propio pueblo, mandan ahora a sus Dignatarios, asesinos sin escrúpulos revestidos ahora de corderos, a implorar limosnas para no morir de asco de si mismos y de miseria.

En la Segunda Guerra Mundial, los Estados Unidos de America constituyeron el factor determinante de la victoria. Una vez lograda, este país no se robo ni una sola pulgada de tierra, sino que se echo a cuestras el hambre producida en muchos lugares por la guerra. Mientras que la república soviética arrasó con la libertad y la soberanía de muchas naciones civilizadas, Los Estados Unidos proclamaban la independencia de Filipinas, el 4 de julio de 1946.

En este nuevo aniversario el mundo esta de plácemes porque se reafirma y recobra relieve La Declaración de Independencia. Que lastima a esos Señores "tan respetables" del Tribunal Supremo having hecho tanta incapie en que se puede excretar en la gloriosa Bandera e ignorar a Dios en las Escuelas. Pero dejemos que sea Abraham Lincoln que todo lo previo, quien diga las ultimas palabras: "Hemos recibido bendiciones del cielo; y hemos mantenido triunfantes en paz y prosperidad. Intoxicados con nuestros exitos, nos hemos sentido demasiado engreidos para sentir la necesidad de redimir y preservar la gracia, demasiado orgullosos para rezar a nuestro Creador.

Editors note: The POLICE NEWS in this newspaper lists arrests, not convictions, unless otherwise stated. Arrested persons who later are found not guilty or have had the charges against them dropped are welcome to let us know. We will confirm the information and print it.

Cancer update from United States Senator Connie Mack

Dear Friend,

The National Cancer Institute has undertaken a major clinical trial to study whether the drug tamoxifen prevents breast cancer in women who are considered at high risk of developing the disease.

If the drug is shown to prevent breast cancer, it will be one of the greatest discoveries of our time. Meanwhile, early detection procedures - especially self-breast examinations and regular

mammograms - are vital to saving lives.

Self-examinations and a mammography saved my wife Priscilla's life and it can save thousands of other lives as well. Please contact your local cancer organization or physician to learn the proper techniques of self-breast examination and cancer's early warning signs.

If you are interested in volunteering for the tamoxifen study, please call: 305-674-2868; 904-748-7073; or 1-800-4-CANCER at the National Cancer Institute.

Letter to the editor

A Call To Eliminate Racism

Dear Editor:

To you I extend my heartfelt appreciations for printing my last letter about the concern of American people and Congress over the situation of Baha'is in Iran.

Today I would like to share a letter that was recently sent from the National Spiritual Assembly of the Baha'is of United States to the President concerning racism in this country, with your many readers.

Thanking you in advance,

Sherryfield Abercrombie
Belle Glade

Dear Mr. President:

No American can look with indifference upon the tragedy relentlessly unfolding in our cities. Its causes lie beyond a particular verdict or a particular act of oppression. The fires and deaths in Los Angeles are only symptoms of an old congenital disease eating at the vitals of American society, a disease that has plagued our country ever since slaves were brought from Africa to these shores by their early settlers.

The Abolitionist movement, the Civil War, the Reconstruction, the various legislative acts dealing with civil rights, are so many milestones on the path of progress, but they have fallen far short of society's needs and have not eliminated the ingrained racism that blight our existence as a nation. America's history is a history of advance and retreat, efforts toward improvement and the abandonment of such efforts before they had borne fruit.

The solution to the problem of racism is not simple. Its material requirements are well

known. They include the provision of economic security and elimination of poverty, the education of the young and care of the old. But the spiritual requirements have been persistently neglected.

America has not done enough to demonstrate her commitment to the equality and the unity of races, to the dignity of all human beings whatever their color, and to the moral imperative of extending love and respect to the entire human family.

Ever since its inception a century ago the American Baha'i community, inspired by the teaching of Baha'u'llah has made the elimination of racism one of its principal goals. Baha'is have ceaselessly warned that discrimination and oppression would lead to strife, that "enmity will increase day by day, and the final result will be hardship and bloodshed."

They have worked, and pledge to continue to strive, for the eradication of all forms of prejudice, hatred, and injustice and for the fulfillment of the noble dream of peace and unity of all peoples, races, and creeds.

We appeal to you, Mr. President, and to all our fellow citizens, not to turn away from this "most vital and challenging issue."

We plead for a supreme effort on the part of public and private institutions, schools and the media, business and arts, and most of all to individual Americans to join hands, accept the sacrifices this issue must impose, show forth the "care and vigilance it demands, the moral courage and fortitude it requires, the tact and sympathy it necessitates" so that true and irreversible progress may be made and the promise of this great country may not be buried under the rubble of our cities.

Guest Editorial

By Steven Altschuler

Employment Specialist for the Supported Employment Program of Glades ARC

By average standards, over six million Americans are partially disabled by mental retardation. However, if we used the late Dr. Albert Einstein's intelligence as a standard, all the rest of us are mentally deficient too.

Mental retardation is a handicap. Some people confuse it with mental illness. Actually, the two are mutually exclusive, that is, one has nothing to do with the other.

One in every 10 Americans has a mentally deficient family member. It is nine times more common than cerebral palsy and thirty times more common than muscular dystrophy. It is America's most prevalent handicap.

ARC's Supported Employment Program offers adult clients real jobs in the real world. It provides competent, trained, dependable and motivated workers to employers.

First, the worker is carefully matched to the employer's needs. Second, special and professional training is provided. Third, as long as the client is working at the job site, continuous follow-up services are provided which includes support, retraining, and advancement training. All are at no cost to the employer.

Mentally retarded people are performing hundreds of kinds of jobs in America. Among others, this list includes stock clerks, dishwashers, unskilled laborers, housemaids, truck loaders, office cleaners, food handlers, animal caretakers, car washers, detailers, watchmen, bag boys, floor polishers, production line workers, etc.

The list of employer benefits is impressive. Employees are pre-screened and they receive no-cost on the job training which allows for guaranteed reliable workers. This includes systematic performance evaluations and open ended (forever) follow-along services.

In addition to a reduced personnel turnover

and a lowering of absenteeism, mentally retarded workers have a proven safety record better than non-disabled workers.

To spice up the deal even further, the federal government offers tax credits totalling \$2,400 in hand to the employers. Most do not require medical benefits because they will still be receiving Medicaid as well as a scaled reduction of Supplemental Income.

And finally, the employer will find that participation will not only financially rewarding, but that participation will enhance his public relations standing in the community. Where else can he get all this plus life-time employee retraining without investment, and employees eager to work at entry level jobs?

Here's how everyone benefits:

- All employers need and want to hire eager, reliable, capable, and productive employees.
- For every rehabilitation dollar spent, \$10.80 is returned through taxes, reductions in welfare benefits, and accrued payroll.

"When a disabled person re-enters the world of work, they become more independent, develop positive self esteem, and gain a renewed sense of community and civic participation."

Compare this to institutionalization, an unnecessary drain on the national economy, which can run as high as \$400,000 per person.

Among those, large and small, profiting by this program, include Albertsons, Blockbuster Video; Burger King, Coca Cola, Coors, Day's Inn, Eckerd's, IBM, I-Hop, Jai-Alai, K-Mart, KFC, McDonald's, Publix, Pizza Hut, Southland, Taco Bell, Wendy's, Walmart, Winn Dixie, airports, hospitals, municipalities, recyclers, utilities, etc. Smart employers know something good when they see it.

Main sponsors include the Department of Labor, HRS, United Way, the IRS, and YOU.

Statement of Congressman Tom Lewis on Mexico's threat to suspend drug war efforts with the U.S.

I am disturbed and distressed by threats lodged by the Mexican government to halt cooperation with the United States in fighting the drug war.

June 15 the Mexican government threatened to ban all activities by the U.S. DEA in Mexico to protect the U.S. Supreme Court decision allowing suspects to be abducted abroad to the United States for trial.

The Mexican government is entering dangerous territory through this vindictive action that threatens to mortgage all that we have accomplished in fighting drugs between Mexico and the United States. I have no alternative except to question Mexico's commitment to fighting the drug war and commitment to completing a very crucial North American Free Trade Agreement.

The United States and Mexico have been vigorously negotiating a North American Free Trade Agreement with Mexico since June 1991.

Mexico's hope to attract increased foreign capital and gain greater access to the U.S. market for Mexican products through a North American Free Trade Agreement is in serious jeopardy.

We are on the verge of liberalizing trade with a country willing to sacrifice gains made in fighting the illegal drug trade. This is a country responsible for:

- over 50% of the cocaine entering the U.S.
- 63% of foreign produced marijuana consumed in the U.S. and,
- 23% of the heroin consumed in the U.S.

There is nothing free about a North American Free Trade Agreement when the price is the destruction of minds and bodies through drug abuse. I have contacted the State Department and the Office of the United States Trade Representative to express these concerns. Our response to Mexico's threat must be clear and direct - no drug war cooperation - no deal.

Rincon latino

por Gaspar Pichardo

4 De Julio De 1976

4 De Julio De 1992

Hace doscientos diez y seis años se echaron las campanas a volar, anunciando su tañido la Declaración - como que esculpidos en bronce impecable - contenida en uno de los mas trascendentes documentos de todos los tiempos.

Interpretando el sentir del pueblo, el Congreso reunido en asamblea emitió la Declaración de Independencia de los Estados Unidos de America. La misma contiene tal carga de fe en la justicia Divina, en la libertad y en la dignidad humana que, como movida por interna fuerza, - cual esos cuerpos que tienen la facultad de producir la energía interna que los impulsa - perpetuamente se renueva.

Grandes como montañas, como les gustaria llamarle nuestro Martí, usando una de sus metáforas preferidas. Inmensamente grandes, fueron los forjadores de esta Nación, propiciando las condiciones necesarias para echar las bases de una Confederación que, dentro de las inevitables imperfecciones humanas, ha sido baluarte de la libertad universal y refugio de los que en el mundo son perseguidos por no resignarse a vivir sin esa libertad.

En ningún otro país de la tierra los perseguidos encuentran tanta protección legal y tanta solidaridad humana como en estos Estados Unidos de America, en donde se nos permite hacer y decir lo que nos da la gana, hasta en contra de su propia política, y en algunos casos, que desafortunadamente no es el nuestro, hasta armarse para luchar, sin cortapisas, para rescatar la libertad perdida.

En la historia del mundo no hay nación que haya crecido - tan rápidamente, y que haya contribuido tanto a ayudar a otros pueblos en

momentos de tragedia y de dificultades económicas, incluyendo a los que fueron sus enemigos en la guerra, traidores y alevosos como el Japon, y la intrínseca perversa Unión de Republicas Socialistas Sovietica, que tras haber esclavizado a medio mundo, haciendo uso de las armas compradas con el hambre y la angustia de su propio pueblo, mandan ahora a sus Dignatarios, asesinos sin escrúpulos revestidos ahora de corderos, a implorar limosnas para no morir de asco de si mismos y de miseria.

En la Segunda Guerra Mundial, los Estados Unidos de America constituyeron el factor determinante de la victoria. Una vez lograda, este país no se robo ni una sola pulgada de tierra, sino que se echo a cuestras el hambre producida en muchos lugares por la guerra. Mientras que la república sovietica arrasó con la libertad y la soberanía de muchas naciones civilizadas, Los Estados Unidos proclamaban la independencia de Filipinas, el 4 de julio de 1946.

En este nuevo aniversario el mundo esta de plácemes porque se reafirma y recobra relieve La Declaración de Independencia. Que lastima a esos Señores "tan respetables" del Tribunal Supremo having hecho tanta incapie en que se puede excretar en la gloriosa Bandera e ignorar a Dios en las Escuelas. Pero dejemos que sea Abraham Lincoln que todo lo previo, quien diga las ultimas palabras: "Hemos recibido bendiciones del cielo; y hemos mantenido triunfantes en paz y prosperidad. Intoxicados con nuestros exitos, nos hemos sentido demasiado engreidos para sentir la necesidad de redimir y preservar la gracia, demasiado orgullosos para rezar a nuestro Creador.

Editors note: The POLICE NEWS in this newspaper lists arrests, not convictions, unless otherwise stated. Arrested persons who later are found not guilty or have had the charges against them dropped are welcome to let us know. We will confirm the information and print it.

Cancer update from United States Senator Connie Mack

Dear Friend,

The National Cancer Institute has undertaken a major clinical trial to study whether the drug tamoxifen prevents breast cancer in women who are considered at high risk of developing the disease.

If the drug is shown to prevent breast cancer, it will be one of the greatest discoveries of our time. Meanwhile, early detection procedures - especially self-breast examinations and regular

mammograms - are vital to saving lives.

Self-examinations and a mammography saved my wife Priscilla's life and it can save thousands of other lives as well. Please contact your local cancer organization or physician to learn the proper techniques of self-breast examination and cancer's early warning signs.

Crane returns from multi-national exercise training

Marine Sgt. Lorenzo Crane, son of Lorenzo and Betty J. Crane of 524 SW Sixth St., Belle Glade, recently returned with Marine Wing Communications Squadron-28, Marine Corps Air Station, Cherry Point, NC from the NATO multi-national exercise "Teamwork 92."

Teamwork 92, was designed to improve the professionalism and effectiveness of NATO forces while operation in the realistic environment of the North Atlantic and coastal waters of Norway. This operation included maritime, air, amphibious and field training exercise.

In all, more than 45,000 troops, 170 ships and 300 aircraft from 11 nations participated in the exercise. Crane was one of the thousands of American service members who trained with Marines and sailors from Belgium, Canada, Denmark, Germany, the Netherlands, Norway, Portugal and the United Kingdom.

The 1986 graduate of Glades Central High School joined the Marine Corps in July 1986.

He wants to be a doctor....Belle Glade Elementary Fifth Grade student Erik Hernandez was given a \$1,000 scholarship to the college of his choice by his teachers at Belle Glade Elementary. From left is Erik's Art Teacher Melanie Adcock, Erik and Lucie Bussell, his fifth grade teacher.

Migrant boy gets \$1,000 scholarship from school

Erik Hernandez, a fifth grade student at Belle Glade Elementary was the first recipient of a \$1,000 scholarship sponsored by Scholarship Opportunities for Students, Inc. Erik, a student in Mrs. Lucie Bussell's class, has dreams of becoming a doctor.

S.O.S. Inc., a not-for-profit corporation, was formed to offer monetary incentives to students of Belle Glade Elementary to continue their education after graduation

from high school.

The ultimate goal of S.O.S. Inc. is to offer scholarships to all Belle Glade students provided they graduate from a public or private Palm Beach County High School and continue their education. The funds are paid directly to the college, university, or technical center the student chooses to attend. Russell Campbell and Frank Rodriguez, attorneys with the West Palm Beach law firm of Steel, Hector & Davis, have drafted the necessary

documents to launch this endeavor.

Dr. McGee, Principal of Belle Glade Elementary, hopes to collect donations that would enable a perpetual endowment to be established. An account has been opened at the Bank of Belle Glade.

The first scholarship was donated by MortgageAccess, Helen Aspey, and the FA&M Lodge 273. Donations are tax deductible and should be made to S.O.S. Inc.

U.S. Sugar Corp. honors 188 of its employees

United States Sugar Corporation honored 188 employees with 15 or more years of service to the company at the annual President's Dinner and five additional award presentations held in Clewiston, Belle Glade and Pahokee. Fifty six of those honored had 30 years or more of service to U.S. Sugar.

"These are my favorite days of the year -- when I get to give out service pins," said J. Nelson Fairbanks, president of U.S. Sugar. "Some of the recipients are from families that come here when this company was founded, more than six decades ago, when most people said that sugar couldn't be successfully grown in the Glades. I

can't help thinking that U.S. Sugar is a company of heroes." The president presents service emblems to its many longtime employees each year. Those with 15 years of service receive a gold emblem; 20-year employees earn one with a ruby setting; 25-year employees earn one with a ruby and sapphire setting; 30-year employees earn one with a ruby, sapphire and one diamond setting; and for each additional diamond in the setting.

Of the 188 honored this year, 6 employees had 15 years of service; 52 employees had 20 years; 20 employees had 25 years; 43 employees had 30

years; and 12 employees had 35 years of service to the company. One employee, James Thornton of South Bay Growers, had 40 years of service to U.S. Sugar Corporation.

In presenting the emblems this year, Fairbanks pointed out to employee the company's 60-year history of overcoming hardship and adversity, citing the values of hard work, loyalty, integrity and courage in making the company what it is today.

"I am confident that, if we change with the time while staying true to our traditional values, we will be here another 60 years," Fairbanks said.

30 years....Several employees from Bryant Sugar House with U.S. Sugar were honored for 30 years of service. Front row from left is Charles Johnson, Augusta McGee, Sylvanus Miller, Dan Smith and Tommie Smith. Back row from left is Willie Killingworth, Claude Sweat, U.S. Sugar President J. Nelson Fairbanks, Eutim MacLarty, Lester Lindrose and James Langston.

U. S. Sugar employees honored... Several employees of U.S. Sugar were honored last week for years of service. In the photo from left is Melbourne Nicholas, Leonard Tull, U.S. Sugar President J. Nelson Fairbanks, and Amos McCallum.

Honored for 35 years service... with U.S. Sugar were Timinal Francis (left) and Roy Williams (far right). Center is U.S. Sugar President J. Nelson Fairbanks.

Haller elected president of The Glades gets new Fl. Sheriff's Explorers Assoc. adult readers by tutoring

April Haller, daughter of Steve and Carol Haller of Belle Glade has been elected president of the Florida Sheriff's Explorers Association.

Ms. Haller, age 20, has been president of the local Sheriff's

Explorer Post 611 for the past three years.

She joined the Belle Glade substation six years ago. Her father, Detective Sgt. Steve Haller has been the post sponsor for nine years.

April is attending Palm Beach Community College and has been working as a teachers aide at Gove Elementary School in Belle Glade. She hopes to graduate with a degree in television broadcasting.

By Janet Grossman

The Glades Literacy Council held its monthly meeting on June 25. The guest speaker was Darleen Kostrub, the new Executive Director of the Palm Beach County Literacy Coalition.

Ms. Kostrub gave a brief history of the Coalition, explaining that it is a cooperative effort of literacy providers such as the School Board and the Palm Beach County Library System, businesses, the news media, and concerned community

members. The possibilities for networking within the Coalition are wonderful. If one member has a particular need or problem, another may well be able to supply a solution. Anyone wishing more information or to join the Coalition may call 1-800-273-1030.

The Council was also informed of the proposal before the Board of County Commissioners to cut staff and hours at the Belle Glade, Pahokee, and South Bay Branch Libraries. Pahokee and South Bay would both be closed one additional day per week, while Belle Glade would be closed three additional mornings per week. This would affect literacy students and tutors who meet in the libraries at those times, while requiring the libraries to halve their children's services.

The Council expressed its collective dismay at this proposal. Since the Glades Literacy Council is dedicated to ending adult illiteracy in the Glades, the membership feels that children must become literate so they don't need reading help as adults. The libraries' children's programs certainly contribute to a community of children who value and want to read books.

Janet Grossman, VISTA Literacy Coordinator for the Glades Literacy Project, announced that there are now 28 active student/tutor teams

in the Glades. There are an additional 18 students currently waiting for tutors. More tutors are desperately needed to teach English-speaking adults to read and write. No teaching experience or college education is needed—just the ability to read and write, and the willingness to help another person.

The next tutor training session will be held August 8 and 15 at the Belle Glade Branch Library. The training will be from 9 a.m. to 3:30 p.m. each day (tutors must attend both days), and the training and materials are free. Anyone interested in tutoring should call Janet at the Library, 996-3453, to register.

The Glades Literacy Project has received a letter of support from First Lady Barbara Bush. Now all that is needed is more involvement and support from members of the Glades community. We need people to become tutors, to tell other people about the Literacy Project so they may become students or tutors, and to come to Glades Literacy Council meetings with ideas and enthusiasm for ending illiteracy.

The next Council meeting will be Thursday, August 20, 7:30 p.m. at the Belle Glade Branch Library. It will be a brainstorming session on ways to end adult illiteracy in the Glades by the year 2000. Readers and non-readers are welcome.

Deadline for all news articles is noon on Monday.

We print your club news, weddings and engagements, sports items, etc. on a space available basis. The first persons or groups to get their information to us are normally printed first. If your article does not make it into the following Thursday issue, it is held over until the following week. We have handy forms available to help you write your press release, if you prefer to use one.

LEGAL NOTICES

NOTICE OF ANNUAL LANDOWNERS MEETING OF THE EVERGLADES AGRICULTURAL, URBAN ENVIRONMENTAL PROTECTION DISTRICT

NOTICE IS HEREBY GIVEN to all owners of lands located within the boundaries of EVERGLADES AGRICULTURAL, URBAN ENVIRONMENTAL PROTECTION DISTRICT (that appears in applicable laws, the annual meeting of the landowners of the EVERGLADES AGRICULTURAL, URBAN ENVIRONMENTAL PROTECTION DISTRICT, scheduled for July 31, 1992, will not be held on July 31, 1992, but will be held on July 31st and will be held on Friday, July 31, 1992, at 10:00 a.m. in the Belle Glade City Hall, City Commission Chambers, 114 Southwest Avenue 1, Belle Glade, Florida for the purpose of:

1. Receiving annual reports and taking such action with respect thereto as the members may determine; and
2. Transacting such other business as may properly come before the meeting.

If any person desires to appeal any decision made by the Board of Supervisors with respect to any matter considered at this meeting he will need a record of the proceedings, and that, for such purpose, he may need a secure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

1992 High School Graduate
Glades area
Florida

Dear Graduate:

Congratulations on your 1992 graduation from a Glades area High School!

As you continue your education, whether in college or in business, managing your money properly will be one of the keys to your success. A checking account and a savings account are two important tools for good money management.

To help you get started right, Barnett Bank of Lake Okeechobee will provide you with a checking account, a SuperTeller card and a savings account with no monthly service charge for four years. Your only expense will be the cost of your printed checks and deposit tickets.

We want to be your bank. As you become a productive citizen of this great country, the United States of America, we can help when you buy a car, a home, go to college, or start a business.

Come and see us at our branch and let us open your accounts. Please bring proof of 1992 graduation.

Warm Regards,

Thomas A. Hebel

Volunteer enjoys work

Samuel Sanchez, a volunteer orker in the Health department (HRS) Belle Glade for the past three years ves his work. He said, "I am dicated to the HRS. I have so any friends and am able to do so many wonderful sople."

He was born in New Orleans 'French and Spanish descent. hen he was a small boy, he urried the band instruments r musical groups and thus gan his life-long love of song ad dance.

Sam was a professional ertainer himself, for twelve ars traveling all over the orld as a professional dancer

and singer.

Throughout much of the 1970's he entertained U.S. Servicemen in Vietnam, Okinawa, Korea, and traveled to Africa. The life of a professional entertainer gave him memories that will never leave him.

Sam gave up his life as an entertainer several years ago in order to be with his parents and move to Belle Glade to care for a sick uncle. He decided to stay and take care of his parents, who also needed his strength and caring.

Sam is also a professional chef and has a Degree in Culinary Arts. This is his

current profession. He loves his work in the clubs and restaurants of the Western Palm Beach County area and brings the same dedication, enthusiasm and magnetism to his new work.

In the Belle Glade HRS office, Sam serves as an interpreter for the many people in need who cannot communicate their needs, their problems, and their hopes. Sam speaks French, Spanish, Italian, and German in addition to his excellent English. Samuel Sanchez thoroughly enjoys his work. "Between all my activities and traveling, I have a full and enjoyable life," he said.

New officers installed...The Rotary Club of Pahokee installed new officers for the 1992-93 year. From left is Secretary David Sanders, Edwin Jones, Treasurer, Bernie Walker President and Vice President/President Elect Walter Percy.

Pahokee to host fireworks

There will be a fireworks display on July 4 at the shokee Marina.

The City of Pahokee sponsors he yearly event which costs approximately \$10,000. City manager Ken Schenck said he xpects this to be another

spectacular event. It will take place at dusk between 8 p.m. and 9 p.m. on the dike.

There will be refreshments for sale such as hot dogs, sodas, and snacks. Everyone in the Glades is cordially invited to attend this year's event.

"We have no special presentations this year so the fireworks should proceed on time," said Mr. Schenck.

Fire Chief Gary Burroughs said the only problems they have at the fireworks are people shooting bottle rockets.

Rotarians chose J. Bennett as "Rotarian of the Year"

The Rotary Club of Pahokee chose James A. Bennett as the Rotarian of the Year at their June 25 luncheon meeting.

Mr. Bennett, who has been a member of Rotary for several years, was also given an award for perfect attendance this year.

Fellow Rotarian David Sanders said Mr. Bennett was a friend who pitched in to help whenever a job needed done.

"He makes sure we keep going," Sanders said. "We appreciate everything he does."

John Norman, out-going

president was given the Past President's Plaque and commended for his year of service.

New officers will be installed with Bernie Walker installed as the new president, Walter Percy as vice-president and president-elect, Edwin Jones as treasurer and David Sanders as secretary.

Four new directors were also inducted including Lewis Edwards, Ken Schenck, Richard Heffernan and John Norman.

"Rotarian of the Year" ...James A. Bennett (left) was chosen "Rotarian of the Year" by his fellow club members last week. Presenting the plaque is Rotarian David Sanders.

Culberson and Mosley to exchange vows

JoAnn Culberson and Tommy Culberson would like to announce the approaching marriage of their daughter, Tamara Kay Culberson of Pahokee to Johnny Mosley, son of Mr. & Mrs. Landell Mosley of Pahokee.

The wedding will take place July 12, 1992 at 2 p.m. under the trees at the Canal Point Community Center. An informal barbecue will be served immediately following the ceremony.

All friends & relatives are invited to attend the ceremonies.
